## Student Satisfaction Survey Analysis for the Academic Year 2022-2023

### Overall Performance of the Institute

**Overall Performance of the institute(74%)**

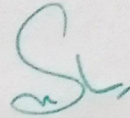

#### A) General remark -

- Technical skill development sessions should be given.
- Focus on Industry based learning.
- Extracurricular knowledge for improving soft skills and prepare for competitive exams.
- Sports should be a part of academics.
- Need a digital platform to access all study materials in one place. This will enable them to download the required standard materials whenever require.

**B) Action Taken**

- For technical skill development college has provided all students with Eduskill learning Platform, MOU with IITK foundation for advanced continuing education and training(IFACET) and virtual lab in mentorship with College of Engineering, Pune
- Various Value added program and SDP are being organized for Industry based Learning
- Provided 100 hrs Of Soft skill training to all final year students
- Sports hour are including in Academic time table
- All study materials are available in Library with Slim21 software which helps in accessing wide range of digital study material.
