## TRAINING ACTIVITIES FOR EMPLOYABILITY ENHANCEMENT SKILLS

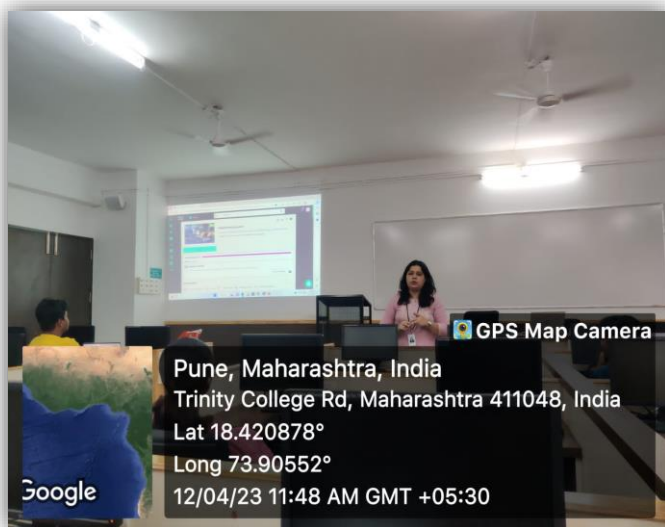

### 1.1 Session on Infosys springboard Platform by Infosys Springboard (12/04/2023)

On behalf of KJEI Campus, the Training and Placement department of Trinity College of Engineering and Research Pune had organized an orientation session on Infosys Springboard platform for SE, TE & final year (A.Y 2022-2023) students on 12<sup>th</sup> April 2023 Wednesday.

A student on Infosys Springboard will gain immensely from our investment in learning efforts as well as our collaboration with other recognized industry content providers such as Coursera, Harvard Publications, and more. Although there are many options for eager learners in the market, Infosys Springboard could be the first amongst the equals because of its Infosys lineage, active curation of content for the intended audience and the ability to support additional learning needs of the individual.

Guests for the session were Ms. Lalitha Bhangare Ma'am and Mr. Vinay Sir who delivered the session on Infosys Springboard platform. This session was organized by Ms Monika Samrutwar Ma'am TPO of Trinity College of Engineering and Research, Pune.

We have felicitated to our guest by giving bouquet and gift by Ms. Monika Samrutwar and Pankaj Phadtare sir.

HoD of Electrical Department Dr. Satre Ma'am shows the presence for this session.

This session was very knowledgeable and we learnt many new things from this session it was related to the technical skills which we have to build for internships. This session was not only a knowledgeable session but also we got a good opportunity to get free internship courses from the Infosys springboard platform.

#### **1.10 Two days FDP on AI and ML by Zensar –RPG foundation (9/12/19 & 10/12/19)**

Trinity College of Engineering & Research, Pune in association with Zensar- RPG foundation arranged two days FDP on Artificial Intelligence and Machine learning on 9th and 10th Dec 2019. Faculties from different colleges were invited to attend this Faculty Development Program. The objective of this FDP is to train the faculties on recent trends like Artificial Intelligence and Machine learning. Dr.Srinivas Padmanabhuni, Chief Mentor for Tarah Technologies, was the chief guest of program who conducted FDP on AI and ML for faculties. Also, Amol Nitave, Zensar ESD Program Lead shared his views regarding the FDP. We can solve real world problems with the help of AI and ML" Dr.Srinivas Padmanabhuni, Chief Mentor for Tarah Technologies states that "We can focus on solving the problems of farmer, transport issues with AI and ML. Instead of focusing on which techniques and algorithms to be used to solve problems, we must focus on gathering the requirements of the problem statements. So that, there will be effective problem solving".
