## Trinity Academy of Engineering, Pune

### VISION

To be a premier knowledge center of the nation for socio-economic development.

### MISSION

To provide education that combines rigorous academics with joy of discovery through sustained efforts and dynamic strategies in building innovative, participatory, problem-based learning practices and research that leads to capacity building of the students.

### ABOUT INSTITUTE

KJ's Educational Institutes, established in 2005, is committed to empowering youth by nurturing skills, creativity, ethical values, and experiential learning for national socio-economic development. Spread across a lush 125-acre green campus against the scenic Sahyadri Hills, the institute provides world-class infrastructure and quality academics.

KJ's Trinity Academy of Engineering, Pune founded in 2010, features state-of-the-art laboratories, libraries, hostels, sports facilities, and modern amenities that support excellence in academics and research. The academy is powered by highly qualified faculty delivering application-oriented teaching. Regular initiatives such as research & innovation activities, certification courses, and industry interactions enhance student employability.

With strong university results, excellent placements, dedicated faculty, and outstanding infrastructure, Trinity Academy continues to attract students from across India, fostering holistic professional development.

### ABOUT ImCReTE 2026

The conference is aimed to bring together innovative academics and industrial experts in the field of Science, Engineering and Technology to a common forum. International Research Conference on Innovation in Computing Technologies addresses the rapid strides and technological advancements currently witnessed in the fields of Science, Engineering and Technology.

The conference aspires to exhibit the technical excellence of budding technocrats, research scholars, representatives from the academia and industry.
