About Program

The department of Mechanical Engineering organized an Expert Lecture on “How to get success by a UPSC aspirant.” on 12/10/17 by Prof. R. D. Rathod. He started the lecture first by introducing about his organization, Asian Institute and get students aware about the future scopes in Refinery, Petrochemicals, Chemicals, Terminal & Surface Facilities and Cross Country Onshore Pipeline. Later on He explained detailed exam patterns and strategies to students to crack the MPSC Engineering Services exam. The exact syllabus of the exam and how to start preparing for the exam were explained by the speaker. The speaker then briefly explained his three phases of the exam: preliminary exam, main exam, and student interview. The speaker also said that preparing for exams requires a reasonable timetable. He said the best way to start preparing for the exam is to look through previous questionnaires. He also said that the only way to keep the distractions away is to focus on being successful. Finally, the speaker emphasized the importance of preparing notes and that every student preparing for such a competitive exam should learn from the failures and successes of experienced students. I also explained this to the students. After that, the students asked the lecturer questions.

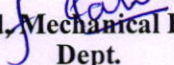

Around 70 students from Mechanical Engg. Dept. attended this program. The function concluded with the vote of thanks by Prof. S. S. Dol, Assistant Professor, Mechanical Department.
