Not able to understand sometimes..... taking very less questions for practice

Good teaching but please complete the syllabus on time sir

very good

Please sir go topic wise be slow please we are not understanding anything sir please

Nice

Understanding is the issue and sir doesn't take more questions in class, we are not getting much practice. There giving it to homework and checking the homework. Sir is not serious about students studies. It is very bad.

To solve Example many more in classroom

The teaching is very good and all the doubts are cleared very easily by the faculty

Needs a lot of improvement

Give attention to all the students And try to interact with boys also

In 2 hour lecture only takes 2 examples which is not sufficient to learn should take more examples and teach time efficiently...

The teacher takes one or two examples and talks out of syllabus things more and teaches less

No

Good

Teaching is good

I would appreciate if sir can speak a bit slowly

Change the teacher.

Concept to bilkul bhi clear nahi hota time jyada lete hai pure ek class me me muskil se two question hota hai o bhi sahi tarike se nahi hota samjhane ki tarike bilkul bhi sahi nahi hai. Please bole ki achche concept clear kare. Bewajah ki lecture dete rahta class me time waste karte rahta to ye sab karna chahiye.

There were instances where the class seemed a bit disorganized, leading to confusion about the lesson plan or assignments. Establishing clearer objectives at the beginning of each class could help maintain focus.

Nice teaching

.

Don't waste lecture time for absent student you can make it happen after the lecture or interwal time ..

Concept are teaches properly
