## VISION

**"To lead the field in Computer Engineering education and to develop student into globally qualified professionals with mastery of software development, a talent for research, and a commitment to moral principles "**

## MISSION

**"To produce industry ready professionals researchers and entrepreneurs through rigorous academics and cutting edge technology courses that cultivate teamwork and problem solving abilities and foster and awareness of ethical and societal duties"**

Established in 2009, the Department of Computer Engineering aims to address the growing demand for trained professionals in the field of computers. Currently, we offer a UG course in Computer Engineering with a capacity of 120 students and two specializations in PG. Our faculty is dedicated and highly motivated, who provides training to our students using the latest computers and software, with a student-to-computer ratio of 1:1 and 24x7 internet facility.

In addition to regular classroom teaching, we also conduct special soft skills training programs to develop our students' personality, communication skills, group discussions, and debate, which are essential for better placement opportunities. Our department is well-known for its excellent academic results, and our faculty is engaged in research in various fields such as AI, robotics, machine learning, cybersecurity, cloud computing, blockchain technology, networking, and image processing.

“While technology can assist in facilitating collaboration and motivation among students, it is ultimately the teacher who plays the most vital role in achieving these objectives.”

# MEET THE ACES

(ASSOCIATION OF COMPUTER ENGINEERING STUDENTS)

"I'm grateful for my journey as President of our Association of Computer Engineering Students. One standout experience was organizing a charity event, uniting our department to support a local orphanage. The incredible generosity and compassion shown by our students left me in awe. These moments reinforce my gratitude to serve as your President."

**-Rohit Bhesurwar (President, ACES)**

"I would like to extend my deepest appreciation for entrusting me with the role of Vice President in our esteemed association. It is with great honor and gratitude that I have embarked on this incredible journey alongside all of you. Together, we will work towards fostering a positive and inclusive school community, where every voice is heard and valued."

**-Tejas Jagdale (Vice President, ACES)**

"I'm honored to hold this position and committed to creating an inclusive environment for all our female students. Together, let's break barriers, empower, and inspire through activities that celebrate every girl's unique strengths. Your voices matter, so join me in making a lasting impact and creating a space where every girl can shine."
