

**TRINITY POLYTECHNIC PUNE**

**Department of  
Computer Engineering**

***NEWSLETTER- 2025-26***

### *About Department:*

The Computer Engineering Department at Trinity Polytechnic, Pune, is a hub of innovation and technology. With a strong emphasis on applied learning, coding, software development, and modern computing technologies, the department nurtures students to become proficient IT professionals ready for industry challenges and higher studies.

### *Vision:*

To become a premier department for overall student development.

### *Mission:*

To provide a joyful academic environment through available infrastructural facilities and human resources.

To build technical skills relevant to the Computer Engineering field and a problem-solving attitude by using modern methods and techniques.

To build the overall character of the student community by imparting social skills.
