ABOUT KJEI

Kalyan Jadhav's Educational Institutes (KJEI), the East Coast mecca of engineering, management and sciences "is the ultimate place for information overload, endless possibilities and expanding your horizon." The Institute within Pune is spread across 110 acres of picturesque campus nestled in the green valley, with its near Zero-

pollution and fresh air, creates a perfectly conducive low-stress climate for learning, research, innovation and character-building. With over 8000 students, KJEI has a strong sense of community born of its small size the goes hand-in-hand with an atmosphere that is charged with youthful vibrancy, experience and maturity.

VISION

To be a premier knowledge center of the nation for socio-economic development.

MISSION

To provide education that combines rigorous academics with joy of discovery through sustained efforts and dynamic strategies in building innovative, participatory, problem based learning practices and research that leads to capacity building of the students.

Dear Students,

The foundation stone of the KJ's Educational Institute was laid in the year 2005, for socio-economic & ethical transformation of our country. The mission is to impart quality education in engineering and creating a conducive environment for teaching learning process. I believe that the students completing various courses will not only have ample job opportunities in India and abroad but can also look forward to becoming entrepreneurs and researchers.

I extend a hearty and warm welcome to you at KJ's Educational Institutes which will definitely shape your mind and character for your future endeavors.

***The journey
of a thousand
miles begins with

HON. SHRI. KALYAN JADHAV

Founder President, KJEI, Pune

OUR CORE TEAM

Since its inception in 2005, KJ's Educational Institute have been committed in building quality and leadership in education. Over the years, organisation has evolved into a platform of academic options and has become a one stop destination for nurturing students into a fully equipped professional. We are dedicated to give our students a bright future. I congratulate and welcome the students who have gained admission to our college and wish them success.

SHRI. VINOD K. JADHAV

Treasurer, KJEI, Pune

It gives me immense pleasure in welcoming the new students, on behalf of the entire community of the KJ's Educational Institute. The campus has developed a unique, close and family relationship between students and teachers to help them grow personally as well as professionally. Our hopes and aspirations are invested in the holistic development and well being of our students. Best wishes to all the new students, who are going to be a part of our campus.

MRS. HARSHADA V. JADHAV

Managing Director, KJEI, Pune

We have a myriad of young, vibrant and talented minds on KJEI campus and it's vital that they are provided with all the opportunities to a formal education as well as an opportunity to make a difference in the world as a contributing force. That's what we aim to do and being an educational institute. I believe we all can make difference in this world, but what sets us apart is the kind of difference we choose to make and I'm truly grateful to be able to contribute towards it.

MS. VIBHAVARI K. JADHAV

Managing Director, KJEI, Pune

KJEI is a vision of our founder President which aspires all students to succeed in the world. We offer a wide variety of challenging, enjoyable and successful course opportunities with co curricular activities for an all round personality development. It's our belief that being in our campus should be experience of a life time. Our Students are our main focus and we are proud of achievements of our Students and Faculty. At KJEI we believe that true education is a right blend of intelligence and character. We educate our Students to maximize their innate potential along with positive social behavior. We empower the young minds with all the requisite skill sets thus developing successful global citizen.

Progress for me has never been a dream. It has always been an achievable reality and once a milestone is achieved, there is always another one waiting to be crossed. We are continuously striving to achieve our goals and make KJEI a global name to reckon with. My best wishes to all the Students and TEAM KJEI.

PRINCIPAL'S MESSAGE

DR. NILESH UKE
Principal, TAE

It gives me great pleasure to be associated with Kalyan Jadhav Educational Institutes. This institute is well equipped with best laboratories, workshops, libraries, hostel, canteen, sports facilities, transportation facility and other amenities to create conducive environment for students in attaining highest standards in academics, research and professional skills. We take every care of the all-round personality development of individual students along with academic excellence. Through 'Teacher Guardian' and 'Mentor Scheme', the teachers counsel students under them for constant development and enhancement in personal, social and academic skills of the students for their excellence.

Besides technical and professional competence, we make every possible effort to equally imbibe in students the moral and ethical values and transform them into good human beings. We nurture in our students the sense of social commitment, humanitarian values, ethical practices and professionalism and thus endeavor to make them global citizens who can look beyond geographical boundaries and become good social and responsible citizens of the society.

The Department of Engineering Science has been designed in a manner to give every student a brief, basic idea of all the streams of engineering. The department has seasoned, highly qualified faculty members to assist the students in the process. Apart from this, the Engineering Science Department of TAE has excellent laboratories, to give practical face to theory, so that students are exposed to current professional developments in various fields.

Dr. K B Gavali
HoD, Mechanical Engg.

Mechanical engineering is rightly called Evergreen field owing to its relevance and linkage with other branches of engineering. It provides a wide range of scopes and opportunities for students who pursue this field. It covers a host of subjects like mechanical design, properties of materials and its processing, manufacturing, refrigeration and air conditioning, industrial management, Mechatronics, robotics and much more. The Mechanical Engineering Department of TAE, Pune has well equipped laboratories. Besides high quality teaching, practical knowledge of students is enhanced through expert lectures by eminent persons from industry. The department adopts innovative learning and opportunities for students enabling them to enhance theoretical and professional skills.

Dr. Satish S Deshmukh
HoD, Civil Engg.

The Department of Civil Engineering in Trinity Academy of Engineering has been constantly contributing to the cause of engineering and training since its inception in the year 2010. The department has highly qualified faculty supported by excellent laboratories and an impressive library and state of art computing facilities. The faculty members have published a significant number of research papers in international and national journals and the proceedings of various international and national seminars, conferences, symposia and workshops. The department has organized several guest lectures and workshops so far to develop and hone the technical skills of the students.

Dr. M B Wagh
HoD, Computer Engg.

The department rightly boasts of modern facilities to provide ambience and support extracurricular activities for overall development of students. Department has dedicated and qualified faculty to ensure a high standard of teaching - learning and evaluation processes. Periodic review on syllabus completed and feedback from students to determine their areas of difficulty ensures excellent and consistent academic results. With academics, the soft skills programs (personality development, communication skills, group discussions, debate, etc. which is a continuous process for development of students is pursued in earnest so as to facilitate better placement opportunities. The staff is also involved in the constant process of upgrading their technical skill.

Mrs Pratima R Patil
HoD, IT Dept.

To tutelage the tradition of KJEI's Educational Institutes, Trinity Academy of Engineering is offering a new area of specialization in engineering, the department of Information Technology. The objective of this programme is to impart knowledge in cutting-edge technologies and with the thought process for disruptive innovation and research methodologies, so as to keep pace with emerging technologies. The department is equipped with all modern facilities and a team of dynamic, young, incumbent and dedicated staff, with specialization in a wide array of areas like Artificial Intelligence, Machine Learning and Cloud Computing.

Ms Deepthi Kulkarni
HoD, E&TC Engg.

The Department of Electronics and Telecommunications (E & TC) Engineering is the most versatile and popular discipline. The curriculum is a perfect blend of Electronics, Communication and Computing technologies. The budding graduates from this discipline have very good job opportunities in Very large scale Integration (VLSI) technologies, Embedded systems, Signal processing, Radio Frequency (RF) communication, mobile communications and in Software Engineering. The department not only aims to inculcate the fundamentals of electronics but also strives to achieve an active forefront in communication & IT industries. The Department presently has highly qualified and experienced staff on its roll. The activities of the Department are conducted, besides teaching, in the areas of research, consulting, training, alumni and Training, and Placement.

Dr Amit Bhusari
HoD, MCA

The Department of Master of Computer Applications (MCA) is established in academic year 2021 with intake capacity 120 and is affiliated to Savitribai Phule Pune University and Approved by AICTE, New Delhi and recognized by DTE, Mumbai

It helps in providing the I.T. and Computer Industry with world-class talent and creating some of the finest software professionals year after year. By providing concept-oriented subject knowledge through a high quality teaching that is supplemented with practical training and project development, the department aims to bring out some of the brightest minds into the world of computers and technology.

TRAINING & PLACEMENT

Prof. Kiran P Pawar
T & P Officer

We strongly believe that every student has the potential to touch the sky. We have to unveil the potential by giving right inputs, career options, opportunities to either emerge as an entrepreneur or an employee of choice. At the training and placement department we endeavor to provide end to end employability solutions that enable students to identify the changing skill requirements for various jobs, in order to create an industry-ready talent and provide it to industry so that industry can catch them at source.

We help the candidates learn about the key skills that employers are looking for in each job category by arranging industry-endorsed skilling courses recommended for the job.

From time to time we also conduct career guidance seminars, workshops with the help of industry people, our alumni to provide detailed information on new-age careers, job profiles, skill set requirements, career options, career progressions and more.

We are pledged to provide placement assistance to each student and wish for great success!!!

We take this opportunity to invite industry to give opportunities to our candidates.

It is my privilege to warmly welcome you all into the portals of this great institution dedicated to the cause of top-quality technical education with the motto of continuous development through learning.

Trinity Polytechnic is one of the best polytechnics in Maharashtra with state-of-the-art infrastructure and our focus is to impart skillful education, character building and preparing the future ready engineers.

At Trinity Polytechnic, we provide five high-end diploma programmes i.e. Civil Engineering, Computer Engineering, Electrical Engineering, Electronics and Telecommunication Engineering, and Mechanical Engineering with total intake of 300 students. We are in the pursuit of global standards of excellence in all our endeavors and we aim at creating all rounded personality in our students professionally and socially. This has been acknowledged by global business houses like Tata Motors, Mahindra & Mahindra, John Deere, L&T Infotech, ITC, Bosch, Triveni Turbines and many more, through campus recruitments of our students. For Teaching-Learning to occur in a better sense, we have excellent faculty laboratories and resources.

The holistic approach of the institute stimulates creativity, lateral thinking and strong conviction to achieve true success. I take this opportunity to thank all the stakeholders for showing interest and providing continuous support in achieving pioneering position. I extend my best wishes to all students in their chosen career path.

Near Khadi Machine Chowk, Kondhwa Annexe, Pune-411048

**ADMISSION OPEN for against CAP/INSTITUTE Level
F.Y.B.ARCH for the Year 2022-23**

ABOUT TCOA

The department offers five years, integrated, undergraduate program leading to the Degree of Bachelor in Architecture – B. Arch. This course is designed and detailed as per the norms of COA-Council of Architecture New Delhi, Director of Technical Education (DTE) Mumbai & AICTE and affiliated to the Savitribai Phule Pune University. This course was started at the inception of the TCOA in 2015. The intake is of 40 students for B. Arch.

Coursework, seminars and assignments aim at developing conceptual and analytical abilities of students and skill-enhancing workshops support learning in studios. With prime focus on building professional capacities, we train young creative minds to become skilled professionals who are sensitive to the surroundings and growing needs of the community.

PRINCIPAL'S MESSAGE

Architecture is a creative and professional course. The structure is different from other courses, where the focus is not on lectures and learning by rote. Here, subjects like design cannot be taught or indoctrinated. It is more of a collective journey, where one learns through the medium of a mentor/ tutor / facilitator. It is experiential learning by doing or making, rather than direct teaching. The onus is on the learner to imbibe the process of design in a collaborative manner. The end product however, will be different for each student.

Our objective as an institute is to strengthen the foundations and secure the future of our great country through the next generation of design professionals.
